Govt will try to balance privacy & data security: PM to US CEOs

Pushes For Investment In Start-Ups

Prime Minister Narendra Modi with CEO of IBM, Ginni Rometty, in New York on Wednesday

New York: Prime Minister Narendra Modi on Wednesday suggested that individuals have ownership of their personal data, stating that the government will strive to strike a balance between data security and privacy with openness.

The statement came during the PM's meeting with over 40 global CEOs when IBM chief Ginni Rometty and Mastercard's India-born head Ajay Banga raised the issue of data localisation, an issue of concern with some of the multinationals, who fear that they would face restrictions on transmitting data of millions of Indians and using it commercially. There were suggestions that there should be a distinction

in the treatment of personal and business data.

During the closed-door meeting, Modi said that in future citizens would decide how they want their personal data to be used, including the possibility of opting to monetise it, but the government has not decided on the issue yet, months after it received a report from an expert committee headed by retired Supreme Court judge BN Srikrishna.

The discussions started with the PM asking the corporate chiefs to speak without hesitation and said his government had just completed three months of its five-year term, indicating that his administration had time to implement the required changes based on inputs from heads of global corporations.

In fact, he said that inputs from Marriott pointing out that over 100 approvals were

needed in India prompted the government to cut the time for regulatory clearances as part of the Ease of Doing Business initiative.

The hotel chain's president and CEO Arne Sorenson said easier rules for businesses were very crucial and suggested that there was a need to boost tourism within the country, something that Modi had touched upon in his Independence Day speech.

The PM responded by suggesting that Marriott could look at setting up a budget hotel near the Statue of Unity in Gujarat and also pitched for Pragati Maidan, which is being revamped, as another potential site for a property in the Capital, sources said.

Responding to Coca-Cola CEO James Quincey's concerns over the proposed ban on single-use plastic, Modi suggested that the soft drinks giant could enhance its investment in recycling facilities, which would help boost its brand image and cut down on its ad spend. AGENCIES

Schools and colleges in various tehsils of Pune declared a holiday on Thursday in view of the deluge.

IPS officer Mirza CBI's 1st arrest in Narada case

Kolkata: The CBI on Thursday arrested senior IPS officer SMH Mirza in the Narada tapes scandal, the first apprehension in the case since the footages surfaced in 2016, an agency official said. Mirza was produced before a special CBI court here, which remanded him in the central probe agency's custody till September 30.

"Earlier, too, we had grilled him (Mirza) on multiple occasions. Today, we arrested him following another round of questioning. He is one of the key links in Narada tapes scandal," the senior official said.

The IPS officer is among 13 people, including TMC leaders and ministers, who have been summoned by the agency for questioning and voice sample test in connection with the probe into the scandal.

Mirza was the superintendent of police of Burdwan district when the sting operation was conducted by Mathew Samuels of the Narada Newsportal. P5

BJP chief dares Congress and other parties to disclose their stand on illegal immigrants, says NRC could be expanded to more states

Shah frames NRC narrative as security vs vote-bank politics

EXPRESS NEWS SERVICE @ New Delhi

EXCLUSION of 40 lakh people from the updated National Register for Citizens (NRC) of Assam snowballed into a major political controversy on Tuesday with Parliament witnessing noisy scenes as Opposition parties forced adjournment of proceedings in the Rajya Sabha. BJP President Amit Shah, in an unusually combative mood, said the critics were trying to protect illegal Bangladeshi settlers. Mocking the Congress, he said the party had the opportunity to implement NRC but it did not as it "simply did not have the courage" to do it.

Later, talking to reporters at the BJP headquarters, Shah said the exercise would be firmly implemented as illegal Bangladeshis are not only a threat to national security but they also violate human rights of Indian citizens. He tore into the Opposition asking them to...

THERE WILL BE CIVIL WAR & BLOODBATH, WARNS BENGAL CM

REACTING sharply to the BJP's idea to expand NRC to her state, West Bengal chief minister Mamata Banerjee warned any such move would lead to "civil war" and "bloodbath". Speaking at an event here on Tuesday, the Trinamool Congress chief said, "What happened in Jharkhand (child trafficking involving Missionaries of Charities), incidents of lynching, atrocities against Dalits and Muslims... we don't support this. If it goes...

Mallya fussy on sunlight, UK court wants jail vid

EXPRESS NEWS SERVICE

DOES natural light reach a cell in Mumbai's Arthur Road Jail? This is what a UK court sought to know on Tuesday, as it addressed representations from fraud-accused liquor tycoon Vijay Mallya and the Crown Prosecution Service (CPS), representing the Indian government.

The court gave the Indian authorities three weeks to submit a "step-by-step" video of the jail cell, where they plan to house Mallya post-extradition. "I would like a video of Barrack 12, to see where the windows are — shot maybe at midday with no artificial lighting," Judge Emma Arbuthnot said and fixed September 12 to close arguments in the high-profile extradition trial.

Mallya's defence team focused its objections on the lack of natural light in Barrack 12 and claimed the "government of India assurance cannot be relied upon". The liquor tycoon, who has been on bail since his arrest in April last year, is fighting extradition to India on charges of fraud and...

ENGLISH EXAM

With India taking on England in their backyard in the first of the five Tests on Wednesday, here is the lowdown on what to expect

OLD BLIGHTY NOT MIGHTY

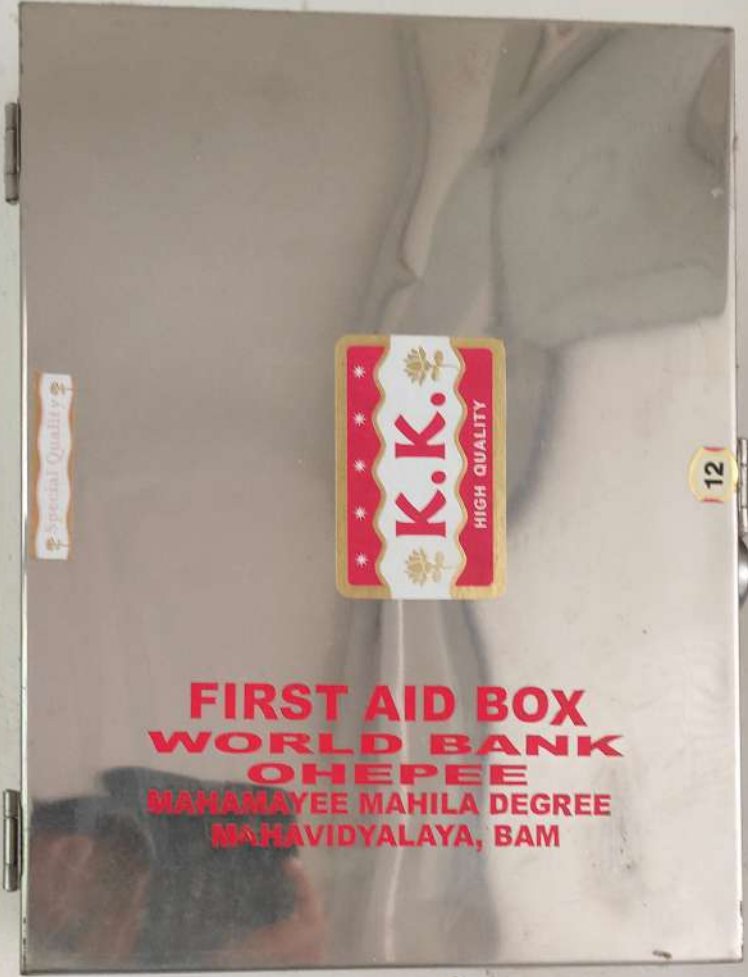

Considering England's recent home-record — their win percentage is 33 since the 2014 season — India have a golden opportunity to reverse their overseas fortunes. Since James Anderson and Stuart Broad aren't the forces they used to be, Kohli & Co could fancy a second series win outside Asia in the last five years.

OH CAPTAIN GO CAPTAIN

Virat Kohli's struggles during his last English sojourn have been dissected during the build-up to this series. With brilliant form and an evolved batting technique in tow, the India skipper too may be viewing this series to remedy his numbers against England.
